

Intern wanted for American Copy Editors Society

The American Copy Editors Society is seeking a corporate communications intern to help craft press releases, generate corporate communication and marketing documents and help research contact information for both the ACES executive committee and the Education Fund board.

The intern will work from home and will be paid \$600, with the time frame and hours flexible, but equivalent to a semester's work during the 2011-12 school year. The bulk of the work will be leading up to and during our national conference, which is April 12-14, 2012.

Applicants must be members in good standing of the American Copy Editors Society, however, students may join the society at the time of application. Applicants also should be currently enrolled in college, seeking a degree in the journalism/communications field. Graduates who received their degree in the past three months also are eligible.

The application deadline is Dec. 15.

For more information, send an e-mail to tschmedding@copydesk.org.
